EDUCATION

Bachelor of Science in Computer Engineering, *cum laude*; May 2004

University of Florida, Gainesville, Florida

GPA: 3.95

EXPERIENCE

Amazon Web Services

Software Development Engineer, April 2012 – Present

Web Administration, University of Florida

Web Developer, May 2004 – April 2012

- Developed primary UF web presence using web standards, supporting over four million pageviews per month.
- Built a cluster of off-campus servers to increase website availability.
- Developed m.ufl.edu, UF's mobile website, using HTML5 and jQuery Mobile.
- Worked directly with clients to build websites using custom WordPress themes and plugins.
- Programmed campus-wide website and people search services.
- Trained coworkers to use Subversion and Git for websites.
- Built an automated release management tool for websites.
- Led implementation of a wiki for departmental documentation.
- Contributed to open source projects such as WordPress and Catalyst.
- Trained new employees and student web developers.

Web Administration, University of Florida

Student Web Developer, August 2000 – May 2004

- Developed and maintained UF web presence.
- Administered internal development services.
- Assisted in training of new student web developers.

Acceleration.net, Gainesville, Florida

Web Developer, June 2001 – December 2002

- Developed client websites in ASP and Microsoft SQL Server.
- Supported Internet service customers via telephone and in person.
